RESEARCH	My research develops models for understanding and improving the <i>resilience</i> of modern socio-technical systems with downstream applications to platforms, supply chains, and organizations. I study the mechanisms causing fragility and devise analytical metrics to measure the resilience, prescriptive interventions, and decentralized decision-making under uncertainty and information constraints.
METHODS	Network Science, Algorithms, AI Agents, Privacy, Computational Social Science, ML

ACADEMIC APPOINTMENTS	W. P. Carey School of Business, Arizona State University Tenure-Track Assistant Professor, Department of Information Systems • <i>Affiliated Member</i>, Center for AI and Data Analytics (AIDA) • <i>Graduate Faculty Member</i>, Data Science, Analytics and Engineering • <i>Graduate Faculty Member</i>, Computer Science	2025 –
	Cornell University Visiting Faculty	Summer 2026
INDUSTRY EMPLOYMENT	Microsoft Research Office of Applied Research, <i>with Chin-Chia Hsu and Longqi Yang</i>	Summer 2023
	Twitter User Modeling Research Group, <i>with Rishab Goel, Frank Portman, Matt Miller</i>	Summer 2022
EDUCATION	Cornell University Ph.D. in Computer Science, Minor: <i>Applied Mathematics</i> – <i>Doctoral Advisor</i>: Jon Kleinberg – <i>Thesis Title</i>: “From Contagion to Stability: Insights into Network Dynamics, Resilience and Stability”. – Nominated for the <i>ACM Doctoral Dissertation Award</i>.	2020 – 2025
	M.S. in Computer Science	2020 – 2022
	National Technical University of Athens Diploma in Electrical and Computer Engineering – <i>Advisor</i>: Dimitris Fotakis	2015 – 2020
HONORS & AWARDS	– INFORMS eBusiness Section Best Student Paper Award Finalist (best paper or runner-up). – ACM Doctoral Dissertation Award Nominee Nominated to the ACM by Cornell’s CS department as one of the two best Ph.D. theses in engineering-related disciplines awarded in 2025. – Sigma Xi Elected member based on scientific contributions. – Cornell ORIE Young Researchers Workshop Invited workshop. – Alexander A. Onassis Scholarship Three-year fellowship for Greek Ph.D. students. Acceptance rate: 16%. – Bodossaki Foundation Fellowship Runner-up. – LinkedIn Ph.D. Fellowship Awarded one-year fully funded fellowship by LinkedIn. Acceptance rate 14%. – A.G. Leventis Scholarship Award for graduate students of Greek origin. Acceptance rate 12.5%. – Gerondelis Scholarship Awarded one-time award for graduate students of Greek descent. – Chateaubriand Fellowship Awarded fellowship granted by the French Embassy in the US for studies in France (declined). Acceptance rate 33%.	2026 2025 2025 2024 2023 2023 2022 2022 2022 2022

- **Cornell Fellowship** 2020
Awarded one-year fully funded fellowship by the CS department based on “exceptional preparation and promise”.
- **Thomaidion Award** 2019
Awarded by NTUA for publication during undergraduate studies.
- **ESEC/FSE 2019 ACM Student Research Competition Finalist** 2019
- **CanSat International Space Engineering Competition** 2019
Awarded 4th out of 93 teams. Organized by the American Astronautical Society (AAS).
- **2nd prize “be finnovative 2.0” Start-up Accelerator by National Bank of Greece** 2018
Awarded 2nd prize for our cashierless payments start-up.
- **1st prize at “Crowdhackathon Fintech #2” by the National Bank of Greece** 2017
Awarded 1st prize for our cashierless payments start-up.
- **IEEEExtreme 11.0 Programming Competition** 2017
Awarded top 1% worldwide in IEEE’s algorithms competition.
- **Touramanoglu Scholarship** 2015
Awarded for the highest University Entrance Exams score in the Imittos region.
- **“The Great Moment of Education” Scholarship by Eurobank SA** 2015
Awarded for the highest University Entrance Exams score in the Imittos region.

TUTORIALS

- [T1] **Differential Privacy for Strategic Information Sharing and Learning: Foundations, Mechanisms, and Applications**
Amin Rahimian, Juba Ziani, *Marios Papachristou*, Yuxin Liu
Conference on Web and Internet Economics (WINE), 2025

TEACHING

Arizona State University, Instructor
CIS 509: Analytics for Unstructured Data

Spring 2026

– Evaluation (out of 7.0, MSBA/MSBA/MSAIB): **6.8/7.0, 6.6/7.0, 6.4/7.0 (Spring 2026)**, Department Average: 6.2/7.0

- Evaluation (out of 5.0): **5.0/5.0 (Spring 2023), 4.8/5.0 (Fall 2023)**

GRANTS

- **ALCF Director’s Discretionary Allocation Award (DD Award)** 2026
Argonne Leadership Computing Facility. Project: Large-scale LLM-based Simulations for Algorithmic Auditing of Recommendation Systems

MENTEES

- Kyuyeon (Jenny) Rhee (Ph.D. student at ASU)
- Joonhwa Park (Ph.D. student at Emory)
- Victor Lee (Ph.D. student at ASU)
- Pin-Jun Liu (Ph.D. student at ASU)
- Jasmine Li (Undergraduate Cornell CS)
- Ioannis Iakovidis (Google Summer of Code 2022; now Ph.D. student at Johns Hopkins)
- Zhang Zhuyan (Google Summer of Code 2022; now Technology analyst at Bank of America)

MENTORSHIP

EXPERIENCE

- Student-applicant Support Program at Cornell CIS 2022
- Google Summer of Code Mentor 2019 – 2022
- Volunteer lectures for the Greek National Olympiad of Informatics (PDP) 2019

INVITED TALKS & LECTURES

† = scheduled

* = presented by co-author

- ***The Price of Misreporting: Measuring the Effect of Strategic Behavior in Online Platforms***
 - Eller College of Management, University of Arizona[†] November 2026
